leetcode.com/u/theaman_exe/

PROFILE

B.Tech CSE (AI & ML) student focused on software engineering, problem solving, and applied AI/ML. Strong foundation in Python, SQL, Git/GitHub, and NumPy, with Java + DSA and data/ML skills currently being developed. Interested in internship opportunities where I can build practical systems, contribute to real projects, and grow as an engineer.

EDUCATION

IIMT University, Meerut | B.Tech in Computer Science & Engineering (AI & ML) | Expected 2029

Class XII (CBSE) | 58.6% | 2025

TECHNICAL SKILLS

Programming: Python, Java

Data & AI/ML: NumPy, Pandas (learning), Statistics & Probability (learning), Machine Learning (learning)

Databases: SQL

Web: HTML, CSS, JavaScript

Tools: Git, GitHub, VS Code

Problem Solving: Data Structures & Algorithms in Java (learning)

PROJECTS

Personal Portfolio Website | HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio to present skills, projects, education, startup ideas, and contact information.
- Integrated professional profile links and structured sections for About, Skills, Projects, Startups, and Contact.

PROFESSIONAL PROFILES

• LinkedIn: [linkedin.com/in/aman-raj-329bb6370](https://www.linkedin.com/in/aman-raj-329bb6370)

• GitHub: github.com/theamanexe

• LeetCode: leetcode.com/u/theaman_exe/

CURRENT FOCUS

- Java + Data Structures & Algorithms for software engineering interviews
- Pandas and data analysis following completion of NumPy
- Statistics, Machine Learning, and practical AI/ML projects
- Building and deploying real-world software products

CAREER OBJECTIVE

Seeking an internship in Software Engineering, Python Development, Data/AI, or Machine Learning where I can apply my foundations, learn from experienced engineers, and contribute to real-world projects.
